Resources

Sankofa Safe Child initiative and the Office of Congressman Danny K. Davis was very aggressive in identifying and organizing a Resource Fair at the conference. A variety of organizations registered, and over 100 participated which included resources to assist African-American males.

Of all the organizations registered to provide services, mentoring topped this list, followed by education, life skills, youth services, employment, and others. The chart below is a survey analyzing the types of resources provided at the SAAM 2017 conference.

Source: State of the African-American Male Pre-Conference Survey (2017).
